# Gathering Evidence from Today's Communication Technologies

In this virtual presentation, participants will be introduced to the NDCAC and the resources and services offered to its clients. The class includes a tour of the secured NDCAC Law Enforcement Portal, demonstrations of their no-cost downloadable tools, discussion of additional classes offered, and concludes with a case demonstration that highlights the functions of its resources.
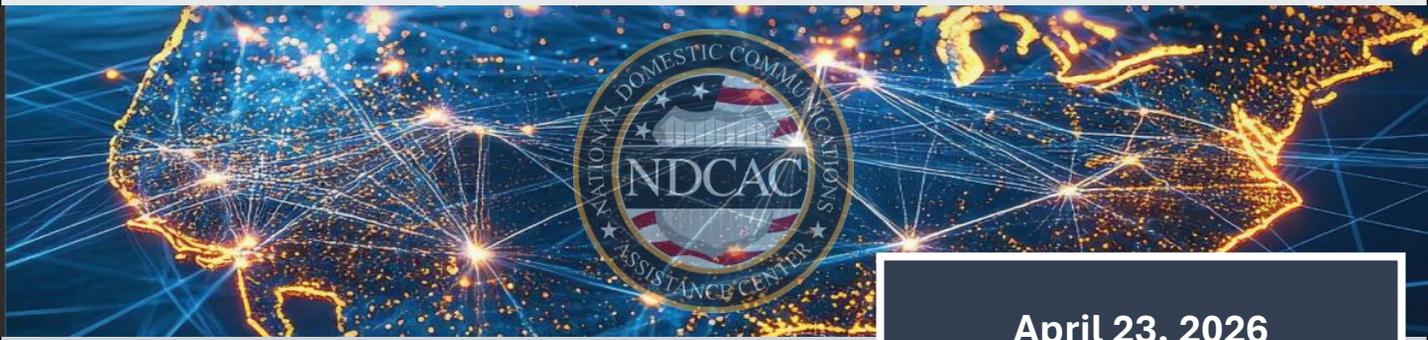

**April 23, 2026**
8:00am – 4:30pm Eastern Time

**Virtual**

POC: Walter O'Neal
